

Applying Strategies

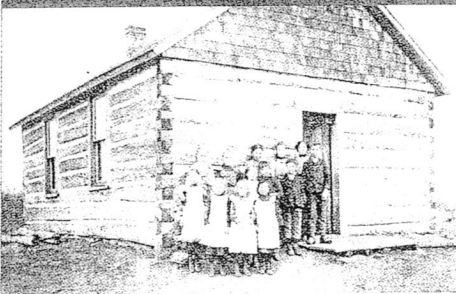

Reading Like a Writer

Identify the topic of this online discussion board. As you read, ask yourself, "Did the writers stay on topic?" Explain.

TRADING PLACES

Posted by Mrs. Andrews

Hi class! Welcome to our first online discussion board. All week we've been learning about what it was like to go to school during the 1800s in Upper Canada. So my question is, would you like to trade places with a pioneer student?

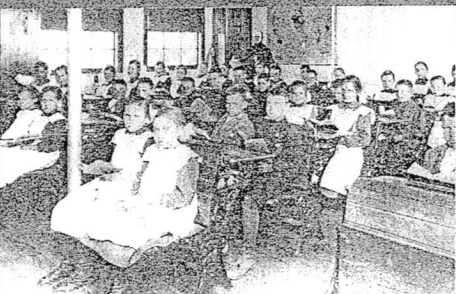

Posted by Jamal

It might be fun. Some kids got to ride horses to school because they lived far away.

Posted by Lindsay

But most kids had to walk ... after hours of morning chores! I can walk to school in 10 minutes.

Our school is way better than a one-room school made out of logs. And I wouldn't want to be in a class with older and younger students.
